## DRILLS IN CASE OF EARTHQUAKE

### IF YOU ARE IN A CONFINED SPACE:

- Keep calm;
- Do not rush outside, stay where you are and find shelter under a bed or table...;
- Stay away from windows, wardrobes and glass doors;
- If you are in a corridor, find shelter inside a room;
- If you are on stairs, find shelter inside the closest room or try to leave the building ;
- Upon cessation of quakes, on order, leave the building and reach the closest gathering point

### IF YOU ARE IN THE OPEN:

- Keep calm;
- Move away from buildings, trees and electrical wirings;
- Find a place with no objects that could fall on you;
- Do not approach bewildered animals.
